“ My heart is truly sad that Such a beautiful, loving and giving person has left this world far too soon. I will never forget the day we met. It was parent swap day at school. I was just a 14 year old freshman at her son's (Dave) school. She arrived in my Biology class, where Dave was my lab partner. She was looking so cool in her leather pants and biker attire. We had an open conversation and I immediately felt comfortable talking to her. She then asked me how to get to her next class and I said " Come with me, Almost all his classes are with me." She stuck by my side that entire day, even having lunch with me. I remember being in awe of her youthfulness and beauty. She thanked me when that day was over and hinted that David needed a nice girl like me for a friend. It was from that day on that Dave and I formed an incredible friendship that has lasted over 35 years. You could easily see how proud she was of her family.

My deepest condolences to the entire Pearman family. Carmen will be missed by so many. I pray for God to give you strength and comfort you in the days, weeks and months ahead, She will surely be missed and never forgotten by all that knew and loved her.

With Loving thoughts,
Marlene (Marty)

“ My Heart was truly sadden as the tears began to flow as I learned on this afternoon of the passing of my dear friend and cohort of IUN School of Social Work. "Speedy" as she was affectionately named stood out from the crowd of us with her thirst for learning and passion to the field of Social Work especially Mental Health and Addictions. I will definitely miss my urgent calls or emails as we laughed and shared the crazy stuff about this world of Social Services. She was a rare jewel whom I will surely miss. My heart and prayers to her children and the Porter Starke Family. Thank You God for allowing us to have this blessing here on earth.

Love and Peace

“ I found out this morning of Carmen's passing, and I wanted to pass my condolences on to the family. Carmen was a wonderful person, and I am so lucky to have had the chance to know her and call her my friend. Carmen has helped me a lot through the years with my recovery, and just being there as a friend to talk to. She was a beautiful person inside and out, I just regret not spending more time with her. She was one of the most kind people I have ever had the pleasure of knowing. Rest peacefully, sweet lady. :(

“ My boss and friend In my interview she told me, “Here, we are not the police, we are not peoples mommy or daddy, but what we are and strive to do is to Love people in to recovery! I looked at her and with tears in my eyes, I said “Im home” For the first time as a nurse I really felt a calling to be a part of the Recovery Center. I felt and believed the same way, but also believed at some point like Bob always says people do need to take responsibility for their own recovery! She always told me how proud she was of me when I was in Grad school learning to be a FNP she encouraged me to get my suboxone waiver and continue on to get my PMHNP. I know she had a lot to do with my success, and was the shoulder I cried on at 2 am when the devil of addiction came knocking on my own families door. Her life was spent working for and with those who suffered with the affliction of substance use disorder. She was many many peoples saving grace, an angel-sent by God! May you rest in the arms of the Angels! Carmen! You always made people feel worthy! Worthy of love!

“ My heart is truly broken. My brother Rick called me last night & shared that she had passed. My great consolation is that she is now free & very likely “twirling” on the shores of Heaven as she rejoices being in the very presence of the Lord & is rejoined with loved ones that had gone on before her. Breathe easy my precious! You beat me to our Mommas. A race well earned.
