“ Janet and I would visit with Jim, his smile would light up the room. He enjoyed music and dancing, which we did dance. He had a great laugh, but most of all I enjoyed his smile. He is home now, God Bless.

“ Tim and I remember Jim from many years back when the genealogy society was just starting in Starke County. He asked if there was any way he could be of assistance and that's where the society began to grow. He was my PR person and newspaper writer for the Starke County Leader; and the histories stories he would write. We had a lot of fun in the society with raising money to support the society and the many trips to the local cemeteries as we transcribed the entire county and then published them. We spent a lot of time in his visits to the Starke County Museum talking about the past, while he did his research on his family members. I am glad to have received much of his work before his passing to help his cause to be carried on. May he rest in peace and we pray that the while he is now with his heavenly Father, that someone shows his helpful hints in using his computer.

Yes, I know he was happy during the time he was with Diana and she the same. She was good for making him laugh.

Our prayers to you Janet. He was blessed to have you as a relative and close friend. You have our sympathy. Tim & Peg Brettin

“ I have so many good memories of my Cousin Jim. One sunny day we decided to climb on top of the RR Boxcar at Knox to photograph the town. He had to help me. We also climbed the sand dunes, photographed weddings, deer, dogs and Cemeteries. Joe, Jim and our two dogs took road trips singing country music. We shared family history for 30 years. Jim was happy the year he spent with Diana Ross. If anyone needed help Jim was there for them. We lost him first to Alzheimer's and now to Covid 19. He is sadly missed.
