“ *I grew up with the Musselman brothers as my neighbors. We met almost daily in the summer at the creek, at the end of their lane, to catch frogs, tadpoles and even a snake or two if the ventured into our area. Dallas was the youngest so I'm sure we all looked out for him as best we knew how. So sorry to see childhood friends leaving us.*

“ *Dallas is and will always be my brother in law , I loved going out to there house and in field while he combined , I loved watching my nieces Dawn and Beth , I learned a lot about things that go on a farm , I remember the day he injured his leg on tractor , it was truly fun growing up and having him as a brother in law ....truth be told he was always my favorite! I hope the family finds strength to get through this time . Dallas Rest in Heaven on that big farm in the sky!!*

*Dallas was my neighbor and friend since birth and our family goes back beyond our grandparents being neighbors and friends. My list of memories could fill days of stories .many memories farming, sale barn days, chats in the yard ,and waving at each other nearly every day for 40 + years. My heart was broken to loose Jill but totally shattered to loose my good friend Dallas. My love and prayers to his daughters whom he loved deeply. He ALWaYS bragged about You any time he got a chance .  
Babb family is always here for you.*

*We are saddened to hear of Dallas passing. I personally remember when he was very young he was a tease all the time. He always had a smile. We were closer with Kenneth but Bud was raised with them all. Aunt Arvilla and Uncle Ralph were a great couple and so were their boys. Our deepest condolences to you all.*
