“ I met Danny a couple of times. He and my sister Pamela were good friends. I would say that Danny was quiet and shy upon meeting people for the first time. He got over it pretty quick though! He was nice, caring and easy to talk to. Danny was a good man! And to the Whitesell family, my prayers are with you!

“ Where do I begin? I dont even want to except this! Im heartbroken and lost, but Im angry too. I know everyone has to eventually pass away but I dont wanna let you go. I dont know how to let go. I will never forget your silly faces and your goofy sense of humor. You can finally rest Danny. I will see you on the other side. I love you

“ Sitting here listening to some of the music we used to listen to. It breaks my heart that you will never be able to listen to them with me again. Tell me or show me how to except that youre gone and never coming back. I know I need to let you rest now but I dont want to let you go. I dont think I can do this, I know people probably think Im being extreme but Im not ever going to be able to get over this.
