“ I was in Dave's graduating class and remember him fondly. A few years back, when Dave started on the town, I lived in town and was out shoveling when here comes Dave in the big town plow, he motioned me to move aside and he made a BIG swipe for me and saved me a lot of time and energy, I was just wondering if I had....he was my angel sent to me that day. Look for the signs, I'm sure he will let you know he is still with you, watching over you all.
