“ *Dawn, what could I possibly say about you that folks don't already know... One of the kindest, non-judgemental people anyone would treasure to call friend. I play the scenes of our intertwined lives as youngsters like a movie that never ends, and it brings me joy, serenity, and a wonderful escape from the sometimes harsh realities life sometimes throws our way. I will never forget the kindness and love you have shone on me by calling me sister. I can see you sitting with Jesus on one side and Aunt Rose on the other sipping coffee and watching us down here, knowing you are at ease and out of pain... I love you and will see you again one day, rest easy my sister and know you are forever loved 🙏❤️*
