“ thoughts and prayers to the Lawrence family. You were all so special to us, as neighbors, KL Fireman's "family" and friends. Gail was sweet and I always enjoyed coming over and playing with the kids! I know my dad and mom thought the world of her! Marie (Paschen) Flaughner

“ Over the last 10+ I have been lucky to get to know Gail a little bit but never had the privilege of actually meeting her in person. I have had several interactions directly or indirectly with her and her family as a friend of their son and brother Kelly. I had the privilege of visiting her favorite place, their home north of Eau Claire and I immediately fell in love with the view and fully understood why it was a special place to her and the family. After being friends with Kelly for all these years I consider myself extremely lucky to have such a great friend that I can always count on when I need him. Gail should have been proud of the son she raise as he is always there for others and a great man. Kelly, his brothers, sister and father I would like to send you my deepest sympathies for your loss. I know you have lost a very special person in all of your lives and she will be greatly missed. I hope you remember all the pleasant memories of the times that you all shared. These memories will help you over the next several months and years.
