“ My deepest condolences to the family and close friends of this dear man. I heard so many wonderful stories about his children that I feel as though I personally know each of you. Words cannot express the joy that "Shep" brought into our small Dialysis Unit there in Plainfield. His light shown so incredibly bright in the midst of incredible darkness. I am privileged to have known him these past few yrs. and will sincerely cherish and miss all of our hours of Biblical conversations. 1Cor.9:24, he ran an awesome race-right until the end!

“ The closeness our group of friends shared all those years ago helped create the person that I am today. I will cherish those memories forever. I hope Greg enjoys his new life in Heaven.
