“ I can remember Grover and his dad...Uncle Grover which LOVED fishing... my husband Mike Grigsby would catch too many fish and Uncle Grover would take the left overs... one time he just wanted us to just pour the cooler out into his trunk of his car...lol however, cousin Grover didn't fish much but loved to eat fish... when Mike G. would fry fish cousin Grover couldn't wait until the fish came out of the oil and would literally take the fish out of the hot oil and put it in his mouth... yes, he would burn his mouth... but would say it's worth it! lol he will truly be missed!!
