*“ My wonderful mother in law June. She was my mother in every since of the word. She had the sweetest smile and most beautiful eyes. We shared countless hours of wonderful conversation and created so many treasured memories. This loss has created another hole in my already broken heart but like I told her the other day, "When you make the crossing, be sure and tell my mom and dad hello for me, and that I love and miss them." Our lives will never be the same. Love all the family and we will unite. Love Betty*
