“ This is lisa Nicole albin (Keith's blood Daughter) I got to spend the time I did with my father when I decided to drive to Indiana to actually meet him in person when I was 26/27years old. I and my husband at that time lived with him we talked and got to know what was going on with one another on each side of the family dad explained to me why he wasn't around in my life like he should of been and I understood why. I GOT to see his married side of the family photos hanging on the walls and he told me who everyone was at that time which I decided to give him a photo with me him my step mother and my husband at that time. When we visited him. I'll never forget that most recent photo of us as I don't have a actual copy of it I'll always have a image of it I'm my mind and heart. I wish I could of got more time with him but I know atleast we reunited not long ago. He will be missed and I know he's flying high with my mother and all the angels. Irene I miss and love u please hold it together and ur strong I know you got this dad is watching your every move. He's your angel from above. Xoxoxo
