“ Moments ago, I learned of Kelvin's passing, myself and so very many others are so terribly saddened. My heartfelt condolences to Kelvin's family as it was just a blink ago Kelvin lost his mother. Kelvin, like his parents, showed ethics and professionalism to the Auction profession. I invited him to work with me on auctions due to Kelvin's integrity standards, energy and he is a loss on so many levels. Hard worker, good man, straight forward, good to his word, simply a nice friendly guy to the core. Left us way way too young, a positive credit to the Auction profession.

“ Kelvin was truly a nice guy. Working with the public as he did can be a challenge at times but Kelvin always kept his cool and was always fair. He was always available to answer a question or to offer his help. He will be greatly missed. Our condolences and prayers go out to his wife, Jill, his children and the rest of the Fisher family during this difficult time.
