“ Len always had a presence that instilled confidence in those around him. I had the pleasure of being a classmate and teammate of his since middle school. His skill of persuasion made him a natural sales manager. His success was no surprise to me. I pray for his family to remember his joy and wish them peace.

“ I worked with Len on a professional basis, doing advertising with Cambe Chevy so I didn't know him like many of you, but he seemed like the kind of guy I could have hung around with. I know he loved to be outdoors as do I. We will really miss working with him. My thoughts and prayers are with his family.

“ RIP Poss. Great guy and athlete. Growing up in Walkerton one of the big fears was hearing batter up in a Little League game with Poss pitching. A happy Little League memory one year was finding out I was on the same team so didn't have to bat against him that season. Thoughts and prayers to all of the family.

“ Len was one of the toughest hombres around. A gifted athlete, I will never forget how important he was to our athletic teams at John Glenn. Over the past few years during gatherings with our classmates, it was a wonderful thing to visit and reminisce with Lenard and our classmates about our rough and tumble high school sports experiences. Lenard was an intregal part of Falcon football's first winning team. I will never forget watching Lenard shred opposing defenses with his speed and power. I am so sorry to hear of Len's passing. My deepest, sincerest condolences to the Jaske Family.

“ One of the toughest players in the Men's softball league to get out. He would limp up to the plate acting like he could barely move and swing and hit a one or two hopper to short where I was playing and beat it out for a hit. He would even tell me he was going to do it and still beat it out. Got to know him very well over the years and will never forget how funny he was.

“ I have known Poss for over 50 years. We spent many nights sleeping over at each others house when we were young. We grew up playing sports together, baseball, basketball, middle school football. Great athlete talented in just about anything he wanted to try. It was a real shock to hear about this, I suppose it always is to hear about someone who you don't expect to be taken so young. I will miss my friend but he will always be a part of my memories and my conversations when I am talking about the "old days" when we were kids.
