“ My darling wife thank you so much for being my wife, my friend and the love of my life. I miss you so very much. I wish I could tell you in person thank you for putting up with me and helping to get through our tough times the last couple of years. I appreciate what you have done to help us out. Spin that slot wheel. You are now with the angels of which you are one. God will protect us and so will you as you look down upon us. You are the best thing that ever happen to me. Love forever your loving husband Ed

“ *My mom was an inspiration to everyone. We had some great times together. Every time I needed to get my haircut you were there. When it came time to pick out my prom dress you were there. In fact you were there for all the moments in my life that were important(even the ones that were not so much). I love and respect you. You were my mom even when my own birth mom didn't want me. I love you and miss you so much. You were always my angel, you just now got your wings. I will never forget you.*
