“ Find myself feeling off, incomplete, lost, confused and mostly stuck in a surreal environment. I find myself feeling like I need to call this amazing women to tell her things and to share my day and get her advice or opinion but she's not there. How does one even make whole conversations without including the person who is somehow part of your every thought and heartbeat. She gave me life, she was what made life good and real. Truly lost and life isn't the same. I like for always, I'll love you forever as long as I'm living my mommy you'll be. Why !! Is such a tiny word for emotions that need so much more. I'll see you in my everyday and feel you on the breeze, hear you in the waves of the oceans, and smell you in all the babies yet to come into our family. I'll carry on as many traditions as I can but mostly tell them stories of this women who was the strongest most loving I've ever know. I love you so much.

“ We lost an angel from earth on Sunday. Linda was a one of a kind special lady. Always greeting you with a warm smile and hug. She took a part of my heart when she left. But she will always be in my heart and on my mind. RIP beautiful lady. Hope you have found peace and comfort in your life after this one. Love you always.

“ Linda was a loving, caring person who shared her love with whoever she meet. She and I considered each other sisters. We could talk for hours about our families, decorating and places we traveled together. She had a big heart and lots of love for her family. She loved to joke around with you. She was a special person and she will be greatly missed by all but her loved is still here in all her children, grandchildren and great grandchildren who she loved dearly. To her family remember all the special times and hold onto the memories and feel her love. RIP Linda I loved you sister.

“ Today while I was sitting at work a very dear person(Joy) requested memories be posted of her mom.As I thought about what to say I couldn't come up with words that actually brought to light what an amazing person Linda was. I've known Linda since Paul was 2 yrs old and watched her become a mom to Christopher and Joy. Linda's children were her pride and joy. Her life was her children! That being said there were so many fun and crazy times in our younger years. Once she owned a monkey(Charlie) and she treated Charlie like one of her children. She loved to have people over and she would cook up a storm while we all gathered in her house for eats and conversation. She loved her parents and was a wonderful daughter, mother, grandmother and a super loving friend. Linda was a born to nurture! Bob and I have lots of funny and wonderful memories of her but too many to tell on here. So I will say God Speed Linda and when our time comes I have no doubt you will come to greet us into God's Kingdom!rest in eternal peace my dear friend. Love Woody (Bob) and Elaine

“ Aunt Linda was a loving person, so full of life and love that people were drawn to her. Always full of laughter. I remember just making smores with her. We looked at each other and started laughing so hard that we couldn't catch our breath with tears in our eye. With a quick funny wit and a warm heart full of love it's how she'll be remembered. Rest in peace Aunt Linda ?
