“ I remember the day I started at Akers was nervous until I heard this yell across final finish I said who’s that they said Maureen to be scared she was not nice. For some time I was scared to leave my area. Then one day she walked up to me and we talked and she took me under her wing. I thought so much of her and respected her she is what made me a strong person and the boss I am today. And I have to give her credit she had her hands full with some of girls. Well beautiful friend you will truly be missed and thank you for always being there for me. Lots of love your way! RIP Maureen
