“ It is my honor to have known Mike on our several large projects with Shambaugh. Beside his professionalism, he was a mentor to his crew, an educator to his clients, but most of all he was a family man. We would talk about his son and daughter, as he had photos of them on his wall. Prays to you in this time of sorrow.

“ My thoughts and prayers go out to the entire Keiper family. Mike was always so proud of his family. He never stopped thinking about how to do something more efficiently. When it came to his profession he is the sprinkler fitter that set the bar as high as it is. He was definitely one of the best sprinkler fitters I've ever worked with. RIP Mike

“ I want to start off by saying my heart goes out to the entire Keiper family. I first meat Mike while working with Shambaugh and Sons. He has always been my go to guy when I needed questions answered. A great mentor and teacher. He would always start off by saying I can tell ya everything I know about sprinklers in about 10 minutes . He has forgotten more about this trade than most people have ever learned. He always talked about his 3 passions family work and his inventions. Mike you are a true legend and will be missed greatly. I proud to have called you a brother.
