“ Pat I remember the first time we met, it was hilarious. You told Tim your brother to take me back where he found me. We all laughed about it. We drank together and played cards together. And we had so much fun, how I would love to go back to those days. I never hated you I hated what you did. I worried about you, and you pissed me off many times. But one thing is for sure I am gonna miss you, and I wish things could of been different. I am glad I got to see you this summer and we did talk alittle I wish it would of been more. Heaven gained another angel, fly high and tell Jim and Lena I am trying hard with Tim and that I miss them too. miss you brother
