*RIP Sweet lady. I felt a connection to you the first day we met. We both are Gemini's. You had a long life Ruth and you were loved by many, especially your daughter Sandy. You were blessed to have such a sweet and loving daughter. You will be missed by many.*

“ *I can still remember sucking my fingers, slouching in that rocking chair with you, watching Lady and the Tramp ❤️ 🍷 🍷 ♀ Later in life, she'd say, "Are you dancing, Margaret?" And I'd say, "Are you hungry, Grandma?" I feel like there's a part of me that left when you did. You were a great puzzle piece in my life, Grandma. I was honored to spend so much time by your side.*
