LR

“ *My funniest recollection is from a long time ago and Steve told it to me. Way back in the day when he drove an El Camino he hit a deer. He was dazed and when he regained senses was really upset because he looked all around and couldn't find the deer he hit. A guy was sitting off to the side of the road watching the scene and laughing. Steve was ready to get the guy that was laughing at him. The guy told him to look in the back of his El Camino. He looked and there was the deer perfectly loaded and covered with snow.*

“ *Steve had the best laugh ever...you could be in the next room and hear him laugh and you couldn't help but smile even though you didn't know what he was laughing about...*
