“ Tammy you will forever be apart of our family and be deeply missed!! In the 21 + years that you and my brother Donald Junior have spent together we have had many many great times together the family time to Minnesota, the family birthday parties for Junior/ other family members, all our family Christmas parties, the trips to Cedar Point, your favorite 4th of July parties , being at all the family graduations including mine , being at and apart of all the family weddings to being there for everyone of my grandchildren being born and so many more great times. The most important one is the love and respect that you had for Donald and our family! You two were inseparable and everyone in this whole town knew it. With a very heavy heart you will be deeply missed!!! Love you forever.

“ I always tell people that if I pick on you, I like you. She not only took it but gave it back to me. She grew to be a friend. Junior and her were always together and always welcome at the house. I was surprised when I learned of her illness that came on so quickly. Then it changed and got really bad real fast. Junior did everything in his power to make her comfortable. Never a question or complaint. She asked, she got. She will be remembered always.

“ Tammy was an outgoing person and a great companion to Donald. She loved coming to Iowa and while Donald and Jeff went out to shop at the building stores, we sat sharing stories of what the Bromeling family was doing. She will be missed by all that knew her. Keeping her alive in our memories and making sure the man that she loved and lived for is taken care of will be our goal. Junior we love you....

Oh and by the way she loved my lasagna and the next time Donald is up here I will make sure to make it in her honor.
