“ I am so saddened by the passing of Veronica. She was an awesome friend in school. We had some special times together. Life took us in different directions but when our path would reconnect it wa as if not a day had been missed. She was one of those forever friends that is connected in our hearts. May you all be comforted during this hard time by the memories of who she was and the love she always held! We lost a very special person.....for a while.
